Disrupt the Culture through understanding & evangelism.

Microsoft Azure MVP

My Experiences.

Conservation.
Education.
Government.
Financial.

My Observations

"What you don't see, and what you don't know is peace of mind. "

My Personal Contribution

"Through evangelism, experience and problem sharing. Create other advocates and evangelists through youth forums."

Challenges.

Understanding behavior.

Understanding your consumers/customers

Understanding stance.

Understanding the relationships & gaps not the asset.

Understanding your adversaries.

My Learnings & Approach.

Personalize the threat.

Know your stewards & custodians.

Trust a benchmark, We don't know.

Transparent mitigation, not detection. **Trust no one.**

See everything, across the business, no silos..

Get onto the Front Foot.
Visualize the Threat!
Culture & Practice & Infrastructure is unified.
Freedom through Transparent Guard-Rails.
Governance/Enforcement through Awareness.

Thank You!
